

Welcome to Scrapbook Outlet Online where everything is at least 50% from it's original price. Products will be added randomly, so check back often for new products. Existing products may be marked down even further.

C= Shopping Cart
 I = Interface
 B = Back Office
 F = Feature

B1	Back End Inventory Support	Stock level should be updated with every order
B2	Mass Upload of Products	mass upload of data - products - we will ultimately have 13,000 products on line.
B3	Documentation	An operators (instruction manual) must be included with the deliverable.
B4	Updates	Everything about the site and navigation must be easily changeable within the coding for someone with average HTML skills.
B6	Invoice/Pick List	Invoices and Pick lists should come out sorted 1) Manufacturer and 2) Product Code (UPC CODE) with a number of items total.
B7	Monthly and Weekly Sales Report	Showing products sold in the 3 weeks, 6 weeks and 12 weeks.
C1	Shipping Module	Track Trace TPG (dutch). We currently use TNT Parcelware version (?). Parcelware should update on customer order status so they can see their tracking number on line. Parcelware sends an e-mail automatically to the customer with their tracking number.
C2	Non EU Shipments requirements	Extra Notice for non EU countries and auto generation of Commercial invoice for export. Non EU Countries are Norway, Switerland, Iceland, Lichtenstein.
C3	Shipping Calculator	Shipping needs to be applied before checkout. We standard tariffs per country that we will provide. These values needed to be loaded into the table. We need to be able to change the values when our rates change.
C4	Coupons and Gift Certificates	We want to be able issue coupons and gift certificates. Each coupon or gift certificate should be registered so it can only be used once.

C5	Payment Gateways	PayPal, iDeal and Ogone should be installed for payment (we may change to ChronoPay though, that will be sorted within the week)
C6	Display VAT or Tax Content on Invoice	Produce VAT invoices, you can use a contribution module. Everything is 19% except books and magazines which are 6% We don't have any 0% items.
C7	Manual override to payment	I would like an option to complete order without payment. This shouldn't be seen on line and it is only something I would occasionally use. 99.8% of the orders should have payment before they are complete.
C8	Add to Cart	For each product displayed on a page there should be a check (or uncheck) a box so that customers can add multiple items on one page to their shopping cart. Customers should be able to change quantities of items when they view their shopping cart. Items with a zero quantity will be removed.
F1	Gallery	<p>We want to provide a gallery where users can upload their projects. We will provide the instructions and a form for them to upload their projects.</p> <p>We will have a weekly contest for projects made with products from our site. Registered customers should be able to vote for projects. Each customer is allowed one vote per week. The owner of the project with the most votes will get a coupon.</p> <p>See the web site for a similar example: http://www.twopeasinabucket.com/pg.asp</p>
F3	SEO	SEO should be implemented.
F4	Off line Orders	Ability to process orders manually so that with inventory control integrity it maintained. This could be semi manual. Imagine we want to sell something to someone in our store, we must have a way to update the changes in inventory. We may have a big warehouse sale where multiple things could be sold off line. This would be an on/off situation never both happening at once, which is why we want to be able to turn off the shopping cart, sell off line, update the inventory and turn the shopping cart back on line.
I1	Language Modules	English (default), Dutch, French, German, Spanish, Italian, Swedish, Norwegian, Finnish, Danish. Language flags displayed at the top of the page.
I2	Browser	<ul style="list-style-type: none"> • IE 7.0 • IE 6.0 • Firefox 2.0-2.x • Firefox 1.5 • Safari 41 • Firefox 1.0

I3	Newsletter Sign Up	Add a box for newsletter sign up for constant contact
I4	New Products Added	New products added should be at the bottom of the home page with a scrolling bar including the prices
I5	Search Products	Customer should be able to search products by: <ul style="list-style-type: none"> - date added to the database - manufacturer - Type of product (Main Menu option is OK)
I8	Manufacturers	All manufacturers (brands) should be listed at the very, very bottom of the home page with hyper links to all products from that brand. In addition to the side bar or other standard place on the template.
I9	Turn Shopping Cart off/on	Shopping Cart should be able to be turned on and off in the case we have a warehouse sale.
I10	Live Support	Live Support available via skype or MSN messenger or Yahoo Messenger. We should be able to indicate in which language help is available at that moment.
I11	Wholesale	We want to have a wholesale accounts. Wholesalers need to be buy for minimum of 300 euro and get an additional 30% discount. We will approve the wholesale accounts.
I12	Theme	Graphics should be trendy and done in the style of Claudine Hellmuth . Or Paper Salon . The main navigation font should not be too junked up, but still playful, more important it is easy to read.
I13	Home Page	Should have a banner but also have a section for us to upload some graphics that are seasonal/inspirational Weekly gallery winner should have it's own box TNT Parcelware should be displayed Payment acceptance types should be displayed Two boxes for Specials, we will upload graphics
I14	Use CSS	Font for menus should be simple, easy to read fonts (something like arial or Tahoma) We shouldn't have more than 4 colors between background, font's and highlighted items. Someone with basic html skills should be able to change the colors, fonts and background on the web site.

115	HTML Tag for products	Each product should be displayed with it's original price, the price it is now, the discount and the savings. Like shown to the right:	 <p>The image shows two product cards side-by-side. Each card features a product image, a title, a discount percentage, a crossed-out original price, a current price, and an 'Ajouter au panier' button.</p> <table border="1"><thead><tr><th>Product Name</th><th>Discount</th><th>Original Price</th><th>Current Price</th><th>Action</th></tr></thead><tbody><tr><td>Encreur - Olive green</td><td>-30%</td><td>8.98€</td><td>2.73€</td><td>Ajouter au panier</td></tr><tr><td>Encreur - Pale aqua</td><td>-30%</td><td>8.98€</td><td>2.73€</td><td>Ajouter au panier</td></tr></tbody></table>	Product Name	Discount	Original Price	Current Price	Action	Encreur - Olive green	-30%	8.98€	2.73€	Ajouter au panier	Encreur - Pale aqua	-30%	8.98€	2.73€	Ajouter au panier
